

## Redline of Proposed HITECH Changes from the OCR Proposed Modifications to HIPAA Privacy, Security, and Enforcement Rules

### **Email Alert**

August 11, 2010

The Health Information and Technology Practice Group (HIT PG) is adding to our library of resources on the Health Information Technology for Economic and Clinical Health (HITECH) Act. We are distributing a [redline](#) of the proposed HITECH changes under the Office of Civil Rights Proposed Modifications to the Health Insurance Portability and Accountability Act Privacy, Security, and Enforcement Rules under the HITECH Act, 75 Fed. Reg 134 (July 14, 2010).

*We would like to thank Clinton R. Mikel, Esquire (Hall Render Killian Health & Lyman, Troy, MI), for sharing this tool. The HIT PG will continue to provide resources to keep you abreast of new HITECH regulations so that you can keep on top of these changes.*
