

MEDICAL GROUP STRATEGY

Hall Render attorneys advise and assist physician groups with a full array of services designed to address the unique needs of physician group practices. We can assist physician groups through the entire life cycle of the practice, including recommendations and assistance in developing the group practice structure, growing the practice by advising on employment and compensation arrangements, including Stark Law compliant ways to address ancillary services, and assisting physicians who are retiring or wish to sell their practice. Hall Render can provide in-depth guidance related to the Anti-Kickback and Stark regulations on group practice formation and operation, as well as physician-hospital joint ventures and contractual arrangements. We are also equipped to assist physician groups with credentialing, licensure and professional liability issues.
