OFCCP CANCELS TRICARE WEBINAR

Last week, we **informed** you of an OFCCP sponsored webinar originally scheduled for today, March 27. According to OFCCP, the webinar would address how affirmative action compliance audits of TRICARE network providers would be handled in the wake of Congress' decision to carve out TRICARE network providers from OFCCP's jurisdiction. Unfortunately, OFCCP canceled the webinar and has not indicated whether or when it will be rescheduled. We will continue to monitor this and provide an update when new information is available.
