

DATA & RECORDS MANAGEMENT

Recent laws require organizations to transform their disparate records management practices into a compliant, corporate-wide records management program addressing the creation, retention and destruction of records and data. Hall Render attorneys can design and assist in the implementation of an effective records retention program tailored for and customized to meet each organization's regulatory compliance requirements. We partner with our clients to create practical and effective data and records management programs.

AREAS OF FOCUS

- Records Destruction
- Records Management
- State and Federal Records Management Laws
