

ECONOMIC DEVELOPMENT

Hall Render's economic development attorneys have substantial experience in helping new and existing organizations maximize potential resources and incentives for economic development. We have assisted clients in securing governmental support, stimulus funding and other developmental incentives to help bring projects to consummation. Our economic development team stays informed of the latest legislative developments related to the growing number of economic development tools available at the federal, state and local levels, and we stand ready to assist our clients in implementing them.

Hall Render's economic development attorneys offer guidance on a vast array of economic development strategies and will work to negotiate the best possible incentives available for a client project. We have extensive experience in structuring artful and effective economic development strategies.
